Dear Mr. Cluster,

We want to express our thanks to you and your staff for the excellent service provided to us for our uniform needs.

You went over and beyond to make the transition to using these easier, cost efficient making sure the employees were fitted properly and handling any other unforeseen circumstances that arise with the items. When the uniforms are in need of repair, sizing or a change in employee status, this is handled professionally and in a very timely matter.

You, personally, spent a number of hours working with us to get the uniforms just the way we wanted them. We had to work on sizing, logo for patches, choosing color and types, etc. You were very patient with us when going through these options.

Dave, our pick-up/delivery person is wonderful. He is always courteous and professional. The uniforms always come back on time, clean, pressed and put in the designated area for our employees use.

Thank s again. We look forward to a long relationship with you and highly recommend your company to anyone that is need of your services.

Sincerely,

Greg Fisher, President
Debra Fisher, Administration
