

To Whom it may concern,

We've been working with National Uniform Rentals for over 10 years now. Of all the uniform services we have had in the past, National Uniform Rentals has offer the best and most consistent customer service and pricing.

One of the things that makes National stand out is their customer service. It is outstanding. Their route driver is professional, courteous, and thorough. Their products are second to none. It is rare that we have an issue regarding the uniform service, but when we do, they are handles quickly with professionalism and grace. When we call into the office we are always greeted by a friendly rep, and treated like their number one account. It's this kind of service that makes a customer feel important.

Their salesman, Max, whom I work with personally, is always on call and makes regular visits to our account. From my experience, this type of personal service is not to be expected today's market and is greatly appreciated. You can tell that he (they) really cares about his job, and more importantly, his clients.

We look forward to continuing our business relationship with Max and National Uniform Rentals in the future. I would recommend National Uniform Rentals to anyone interested in the services they provide.
